Title of Program:	Awareness About Counselling		
Speaker/Guest:	Ms. Yogita Todkar		

About Program:

A session was organized by ITSA for the students of EnTC engineering students. The topic of the session was "Awareness about Counselling". The guest speaker for this session was Ms. Yogita Todkar, M.A. Psychology. The session started with the welcome to the guest speaker Ms. Yogita Todkar by Prof. C.H.Jain. The speaker introduced the topic with what is counselling, need of counselling, process of counselling and when and for what one can go under counselling and explains now a day's importance of counselling. The session was totally motivating and encouraging the students. Ms. Yogita Todkar made the session very interesting by interacting topic, later; she asked the students a series of questions that helped them to understand the importance of counselling. The session was very interactive and ended with many students requesting for more such sessions.

There was near 60+ students who attended this program. We are expecting more participation of students in the program of student association cell in near future. The session ended with a vote of thanks .

Thank You.

Title of Program:	"Utilization Of Virtual Lab And Its Registration"		

About Program

Trinity Academy of Engineering College is approved as a Nodal Centre of Virtual Lab under COEP. Our College name is added to the COEP Virtual Labs Portal. The Workshop regarding to Utilization of Virtual Lab and Its Registration Process was organized by ITSA on 21 March 2023 for SE(IT) students from 11:50 AM to 12:45 PM. The topic was "Utilization of Virtual Lab and Its Registration". The main aim for organizing that session is to share use of Virtual lab and how to perform practical's using this lab. Virtual Lab provides different practical assignments for different subjects, so that students can practice lab assignments using virtual lab at home as well as college by using registration into it. So it is very useful for students for practicing lab assignments. Workshop is attended by 60 students of SE(IT) class.

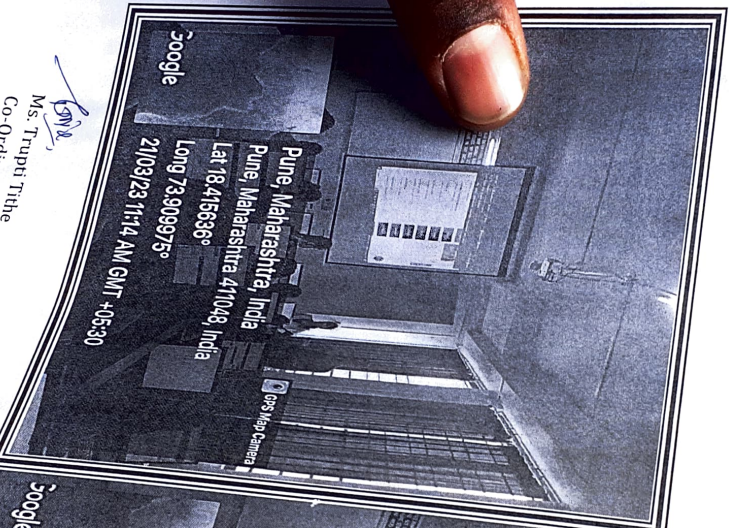

Program Session

The Workshop was started by 11:50 A.M. to 12:45 P.M. on 21 March 2023. The topic covered in the program were Virtual Lab Registration and how to use it.

Program Outcome

The main objective of that program was to encourage student to use Virtual Lab for better program on lab assignments. All the students responded to the program positively.

About Workshop :

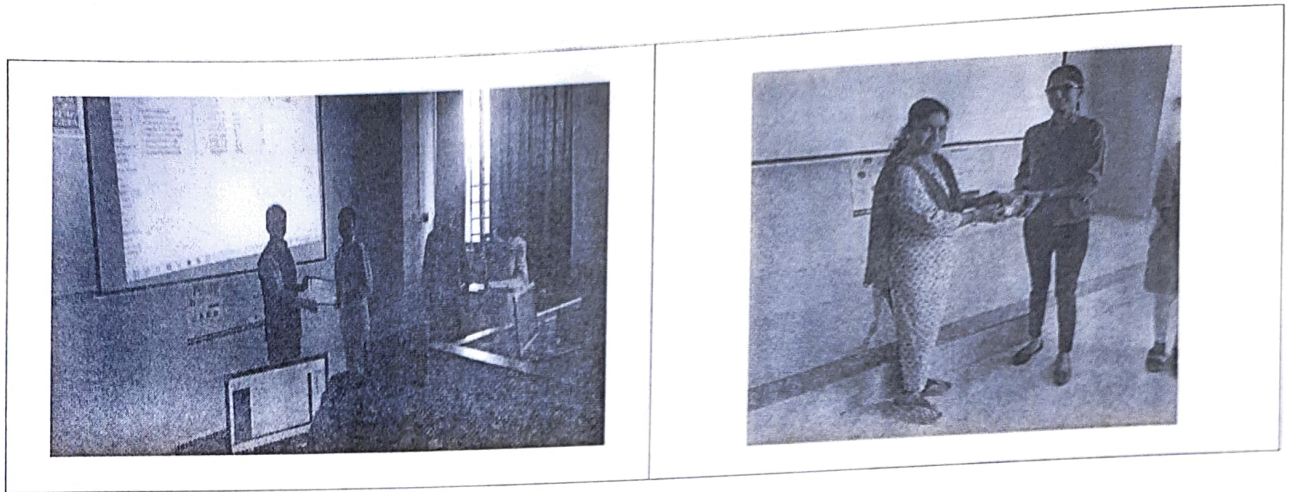

E&TC Department conducted certified workshop on "PCB Designing Concept & Schematic Creation" on 2nd Dec 2022. The workshop has been arranged for all SE Students of E&TC who are interested. Approximately 51 Students Registered and Attended the Workshop. This Workshop has been conducted by Mrs. Rekha Pawar, proprietor, Arthtech Automation Services, Nigdi, Pune. (www.Arthechs.Com).

This workshop has covered important points like, PCB Designing Concept & Schematic Creation, Building simple Schematic in KiCad Development Tool, Concept PCB Routing, Footprint Assignment, Netlist Creation, Net listing/logic import from schematic to PCB Layout, Component Placement, Manual Routing Practice, Finishing of Routing, Gerber file generation, Bill of Material (BOM) generation. All these concepts are very important for manufacturing of any circuit in Industry.

In this Workshop madam explained every step of PCB designing in KiCad software with hands on practice. She explained complete procedure with arduino Uno circuit diagram.
